

# Baden Powell Primary School

## Governor Welcome/Croeso

### Chair of Governors & Headteacher

We would like to extend a warm welcome to you as a Governor of Baden Powell Primary School. Our aim is for Baden Powell Primary School to be a happy, inclusive school with a true community focus.

Learning is our core purpose and we have been focusing on making learning links explicit with a level of challenge that encourages everyone to develop resilience, independence and persistence. We want our pupils to explore ideas, reason, explain and justify their thinking.

We strive for our curriculum to integrate literacy and numeracy skills, technology, sustainability and creativity, and allow everyone to reach their full potential. We aim to foster our pupils' confidence and celebrate their achievements in learning, effort and participation. This will enable them to make informed decisions and support life-long learning. We believe it will also contribute towards keeping them safe and leading happy, healthy fulfilled lives.

Our school has a positive reputation for embracing and celebrating diversity. This is reflected in our commitment to inclusion and equality. At Baden Powell Primary School, we welcome parents and carers as partners so that, together, we can promote high standards of learning and behaviour. We look forward to a working with you in supporting all at Baden Powell.
